

Course Fee

The course fee includes: all course materials, continental breakfast, and Continuing Nursing Education Credits.

Target Audience

This course is designed for nurses in disciplines outside of oncology, those new to oncology, or individuals for whom the two-day course would be more content than needed.

Continuing Nursing Education Credit

ONS will award **4.0** contact hours to nurses who attend this program in its entirety and complete a program evaluation.

ONS is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

ONS is approved as a provider of continuing nursing education by the California State Board of Registered Nursing, Provider No. 2850.

Registration: 7:30 am
Program 8:00 am- 12:15 pm

General Information

The ONS Treatment Basics course is an introduction to safe chemotherapy and biotherapy administration.

Nurses who administer these drugs on a regular basis are encouraged to take a more comprehensive educational program

Course Objectives

At the conclusion of this program, the participant will be able to:

1. Describe non-malignant indications for chemotherapy and biotherapy agents.
2. Identify steps in the administration of chemotherapy and biotherapy agents: pre-treatment, during treatment, and post-treatment.
3. Discuss the assessment and management of side effects of therapy.
4. Describe safe handling of hazardous drugs.
5. State pertinent patient education related to chemotherapy and biotherapy.

**For additional information,
please contact:**
