

A Step in the Right Direction

To provide continued support of the William Childs Hospice House, commemorative bricks can be purchased to honor your loved ones. Each brick will be placed in pathways surrounding the Hospice House. Your purchase of a brick not only assures that your loved one will have an enduring memorial, but also confirms your support of the Hospice House.

Brick Paver Information

Choose from two sizes of bricks:

- 4" x 8" Paver for \$100 or
- 8" x 8" Square for \$250

The square bricks come with a mini replica brick as our gift to you (additional mini replica bricks can be purchased). Bricks are ordered and installed twice a year. Following each installation, a dedication ceremony is held, allowing family and friends to see their bricks and remember their loved ones.

Show the Community You Care

As a family tribute or in memory of someone close, purchase an engraved brick paver. Your gift will be used to support the William Childs Hospice House, a program of Hospice of Health First. Each year, more than 6,000 Brevard residents will die — many from cancer or other degenerative diseases. Spending their final days in the serene Hospice House setting can be the compassionate choice that you help sustain.

Brevard County's First Hospice House

Since 1978, Hospice of Health First has been providing home-based support to the terminally ill and their families. The William Childs Hospice House opened its doors in October 2004, providing further choices in end-of-life care with an Inpatient Facility.

Quality Care in a Home-like Setting

Designed to feel like a large Florida-style residence, the Hospice House provides around the clock care from a considerate nursing staff and skilled hospice professionals. The five-acre property includes gardens, paths, and a beautiful gazebo where patients will be able to surround themselves with friends and family or stroll the paths in peaceful reflection.
